

## Remarkable delta-E!

I am an author, speaker and business consultant. In the course of my writing career I have ghosted 15 health books for physicians. Subsequently, I was introduced to a company—IMPax WORLD—that takes healthy living to a new level!

My focus both as a writer and consultant has been greatly enhanced by *delta-E*. I have more energy, more staying power for writing and editing copy and more alertness as I write and edit for hours at a time. No more caffeine shakes or crashes. What a breakthrough!

In this magazine, world-renowned athletic and fitness trainer Ben Greenfield differentiates between mere energy drinks and the healthy focusing qualities of *delta-E*.

Leading brain function specialist Arlene Taylor, Ph.D., helps you understand how your brain thrives with *delta-E*.

Dr. Ira Robinson, specialist in internal medicine, informs and educates you on *delta-E* from a physician's perspective.

Many other testimonies will encourage you to use *delta-E* NOW for yourself while recommending it to your friends, family members and colleagues at work, church, school or at the gym.

I encourage you to read every word in this magazine and then try *delta-E*. Join the thousands who have received its calm focusing energy.

A *delta-E* toast to you!
